)

THIS MATTER is before the Court on Plaintiff's Motion to Correct Order. (Doc. No. 23). Plaintiff's motion is **DENIED**. This Court has already dismissed this action without prejudice, and the Fourth Circuit Court of Appeals has affirmed this Court's decision. See (Doc. Nos. 11, 22, 25). The case is therefore closed and there has been a final judgment.

The Court advises Plaintiff that because the case was dismissed <u>without</u> prejudice, Plaintiff may certainly refile this action, along with a new in forma pauperis application.

IT IS SO ORDERED.
